Subject: draft: Shore Terminals SCE review
Shore Terminal SCE comments_150514_Rev01.docx

Hi Matt,

Attached for your review is a draft of EPA's comments on the shore terminals SCE. Could you let me know if you'd like to discuss before we finalize?

Also, wanted to let you know I had some cwa 401 discussions with Amy Simpson last week (along with USACE) relative to various dredging bmps I'd like to see as part of the cercla review coordination for shore terminals and other sites. Let me know if I can answer any questions on this.

Thank you.

S
